REPORT TITLE									
Clerk's Report – For Information Only #02/11/12/801-2									

For your consideration concerning letters to Council and questions raised:

1. Currently the township hall is used for the following:
 - a. 18 times per year for euchre;
 - b. 3 times per year for large Library Fundraisers – 2 card parties and May Madness;
 - c. 12 times per year for Seniors luncheons;
 - d. 2-3 times per year for Missing Link Fundraisers;
 - e. 5-6 times per year for library coffee mornings and other events;
 - f. Weekly for children's program;
 - g. Annual CWL senior's Christmas party;
 - h. Annual bingo;
 - i. Various times per year for dinners after funerals;
 - j. Private functions;
 - k. Council functions and meetings;
 - l. 2-3 times per week for exercise classes;
 - m. 12 times per year for yoga classes.

With the current size of the premises, we are only able to hold 90 people for any one event, including support staff, bartenders and entertainers. This has resulted in the loss of some use due to size limitations.

2. As expressed previously, the showers would be installed to meet the government requirements for use of the hall for evacuation or first responder support purposes. As it stands, without the shower and extra washroom facilities we would not be able to open our doors during an emergency. The board of health would close us down.
3. The lost revenue from the rail lines is quite insignificant at only \$13,500.
