Report #15/08/19/1001- Conservation and Demand Management Plan									

SUBJECT: To review and adopt Energy Conservation and Demand Management Plan

RECOMMENDATION:

That Council review and adopt the attached Energy Conservation and Demand Plan.

BACKGROUND/EXECUTIVE SUMMARY:

Ontario Regulation 507/18 (Broader Public Sector: Energy Reporting and Conservation and Demand Management Plans) requires broader public sector (BPS) organizations, such as municipalities, to report their annual energy use to the ministry and develop a CDM plan that requires updating every five years. This helps municipalities to better understand their energy use, create conservation plans to encourage energy savings. The CDM plan was developed in compliance with the regulation and covers the period from 2020 to 2024. It describes our municipality's new energy conservation goals and objectives and current and proposed energy conservation measures.

The plan had a submission deadline of July 1, 2019 which is why it has already been posted online in Draft form.

Options:

Adopt the draft plan as per Ontario Regulation 507/18

Do not adopt the plan

Financial Considerations/Budget Impact:

None

Others Consulted:

Approved and Recommended by the Clerk

Crystal Fischer,
Clerk
